

Team Challenge Race

Velocity 17 is now under new management.

V-17 has decided that having spent a lot of time and effort bringing our karts up to their original high standard that now is the best time to re-introduce competitive racing to the largest and best Indoor Kart Track in America.

Starting in late July, V-17 is going to be running a series of “Team Challenge” Races for teams of 2-5 drivers.

Details are on the attached Sheets.

The “Open” V-17 Team Challenge Races

Velocity-17 will soon be starting a series of “Open” Challenge races for teams of 2-5 people to compete against one another using the European Race Bowman Kart to decide the best team!

The races are sometimes called “Endurance” Races as they test a team’s ability to run a long race, with regular Kart and Driver changes.

For our opening event we are staging something very special.... A TWO Hour Event at a VERY special price to introduce people to the fun of the event.

This is how it works... Teams must register in advance. Teams must consist of between 2 and 5 drivers. You do not need to declare your drivers until the Race Night, although we do need to have a Team “Captain” who will be the designated contact person for Velocity 17. V-17 will be taking Entries for only 20 teams, so you will need to get your entry in as soon as possible to guarantee a place.

Entry, PER TEAM, is just \$220.00, and we will require a 50% (\$110) deposit to secure your place on the grid.

The Racing

Before any racing commences teams will be given the mandatory Safety-briefing by one of our experienced Race Directors. The “RD” will also explain the best ways to drive the Karts to get the best lap times and also explain the Race-Format and how to work on a “strategy” for Driver/Kart changes to achieve the best result.

Then, out to the track and time to practice. The practice session will run for a full 30 minutes, giving every member of the team to get to know the challenging V-17 circuit and, crucially, allowing the team to practice their method of carrying out Pit Stops for Driver and Kart Changes.

At the end of practice, a random drawing will take place for the Starting Grid. Teams will line up behind a Safety-Pace-Kart and after the “rolling” laps the green lights will come on and the big race is GO.

2 whole HOURS later the checkered flag comes out and the team that has completed the most laps WINS !

This race is all about the way a team works together and plans its strategy as well as outright speed.

The inaugural race is set for Saturday July 25th, with a late start. Arrival at V-17 is 11pm.

Get Set for the BIGGEST Race in New Jersey!

SUMMER 2009 ADULT TEAM ENDURANCE RACE

YOUR DETAILS

First Name: _____ Last Name: _____

Team Name: _____

Address: _____
